PLEASE NOTE THE FOLLOWING

A site plan FOR EACH SITE showing the locations of the proposed tent(s) is required at the time of submission for this permit and a floor plan of activity under tent.

A minimum distance of 10 feet is required between stake lines. (Per NFPA 101-11.11.3.1)

The fabric of the tent is required to be flame resistant. Fire resistance must be demonstrated by certificate or inspection by an approved party. A copy of this certification is required at the time of submission. (Per NFPA 101-11.11.2.2)

Any adjacent tents are required to be spaced to provide an area for means of egress. (Per NFPA 101-11.11.11.3.1)

Note: Where ten feet between the stakes lines does not meet required means of egress, the necessary distance shall govern.

The ground enclosed in the tent and within ten feet of tent must be clear of vegetation and combustible materials. Exception: Areas necessary for support equipment. (Per NFPA 101-11.11.4.1)

Smoking is not allowed in tents and "NO SMOKING" signs must be posted.

(Per NFPA 101-11.11.4.2 and the St. Johns County Fire Marshal's Office,)

Fire extinguishers are required. Contact a licensed fire extinguisher dealer for mounting & placement (Per NFPA 101-11.11.5)

(NO COOKING of any kind is permitted under any tent)
