

## **SECTION 8A.0. VILANO BEACH TOWN CENTER ECONOMIC REDEVELOPMENT RESIDENTIAL UNIT EXCHANGE PROGRAM**

### **Section 8A.01 Introduction**

The Residential Exchange Program is a voluntary program that allows a property owner within the Vilano Beach Town Center Mixed Use District to achieve an increase in residential density by purchasing density (Receiving Property) from another property owner within the District (Sending Property). The Sending Property must meet the requirement of Section 3.10.09 of the Land Development Code by receiving a Certificate of Development Rights. In the event that the boundaries of the Vilano Beach Town Center District were to be expanded, newly included properties would not be able to transfer development rights to other Receiving Properties. However, any newly included properties would be allowed to receive additional development rights from a qualified Sending Property.

NOW, THEREFORE, to permit the transfer of residential dwelling units and in consideration of the covenants, terms, conditions and restrictions hereafter set forth and other good and valuable consideration, receipt of which is hereby acknowledged, Grantor does grant and convey to Grantee, its successors and assigns, forever and in perpetuity, an interest and Easement of the nature and character and to the extent hereinafter set forth in respect to all that Sending Property located at \_\_\_\_\_, St. Johns County, Florida, as is more particularly described in Exhibit A hereto.

The terms, conditions and restrictions, of this Easement are as follows:

1. The above stated recitals are incorporated herein by reference for the purpose of this Easement.
2. This Easement shall be perpetual. It is an easement in gross, and as such, is inheritable and assignable and runs with the land as an incorporeal interest in the Property enforceable with respect to the Property.
3. A dwelling unit may not be constructed, occupied, or maintained on the Sending Property unless one eligible residential unit is retained with the Sending Property for each dwelling unit constructed, occupied, or maintained on the Sending Property.
4. The restrictions imposed by this Easement shall operate independently of the restrictions imposed by the zoning of the Property.
5. The Sending Property contains a total of \_\_\_\_\_ acres, more or less. There are \_\_\_\_\_ existing residential dwelling units on the Sending Property. As a result of this Easement, the Parties intend that Grantor may convey \_\_\_\_\_ residential dwelling units. From this date forward, no more than a total of \_\_\_\_\_ residential dwelling units may be constructed on the Sending Property, unless additional rights to develop residential density pursuant to the Exchange Program are recorded on the Sending Property. 6. The Grantor's, and the Grantor's heirs, successors and assigns, right to construct or maintain more than \_\_\_\_\_ residential dwelling units on the Sending Property is affirmatively extinguished by this Easement, unless additional rights to develop residential density pursuant to the Exchange Program are recorded on the Property.

8. Nothing herein may be construed to convey to the public a right of access or use of the Sending Property, and the Grantor, and the Grantor's heirs, successors and assigns, retain exclusive right to such access and use, subject only to the provisions of this Easement.

9. The Parties agree that monetary damages would not be adequate remedy for breach of any of the terms, conditions and restrictions herein contained, and, therefore, in the event that the Grantor, or the Grantor's heirs, successors and assigns, violate or breach any of such terms, conditions and restrictions, herein contained, the Grantee, its successors and assigns, may institute a suit to enjoin by ex parte, preliminary and/or permanent injunction such violation and to require the restoration of the Property to its prior conditions.
