

ST. JOHNS COUNTY, FLORIDA BUSINESS INCENTIVE PROGRAM SUMMARY FOR NEW INDUSTRY

Economic Development is the number one priority of the St. Johns County Board of County Commissioners. The Board shares a unified commitment to attract new business development to expand and diversify the tax base, and create jobs for local residents. Success in economic development ensures St. Johns County's long-term financial ability to provide ongoing quality services and infrastructure and preserve the quality of life for its residential and corporate citizens. Insofar as these objectives are generally served by the enhancement and expansion of the local economy, St. Johns County will give consideration to providing economic development incentives as a stimulus for new business development within the County.

As referenced by Ordinance 2014-30, St. Johns County has an established point system for determining a base value an applicant could receive for each of these categories: Locating a new industry, expanding an existing business, or developing speculative space within the County.

The following summary provides the guideline for the New Industry Category:

- 1. Financial incentives are provided herein for new industry locating in the County and calculated through the accumulation of points upon review of the applicant's incentive application.
- 2. Upon submittal of an economic development incentive application to the County, the proposed business or industry may accumulate incentive points as described in the following table:
