Earn Rebates When You Upgrade and Save

BUSINESS REBATES PROGRAM

OVERVIEW

Energy efficiency upgrades make smart investments. The JEA Business Rebates Program offers rebates designed to help you make those efficiency upgrades at a lower initial cost.

The Business Rebates Program helps electric business customers replace aging, inefficient equipment and systems with efficient technologies. Through financial rebates and technical assistance, our program provides the right mix for you.

BENEFITS FOR YOUR BUSINESS

- ✓ Efficient technologies reduce your energy use and minimize costs.
- ✓ Investments in energy efficiency reduce greenhouse gas emissions, which helps the environment and your local community.
- ✓ Energy-efficient equipment can streamline operations, enhancing workplace productivity and improving employee comfort.

LIMITED TIME DOUBLE REBATE OFFER

JEA is offering a limited-time increase on rebates through the Electrification Rebate Program. Rebates are doubled on all measures (with the exception of Forklifts, Scissor/Boom Lifts and Welders. These three measures will include an additional \$200 bonus rebate). This offer is only available from May 1, 2024 to August 31, 2024, and only while funds are available.

NEW DEALER INCENTIVE OFFER

Dealers can receive an additional trade ally rebate of \$100 per qualifying electric-powered equipment during the limited-time offer period.

Offer Details

- Qualifying equipment must be purchased between May 1, 2024 and August 31, 2024, to qualify for the bonus rebate.
- Eligibility will be based on the purchase indicated on the application, invoice and other paperwork, as applicable.
- Equipment must meet all other program eligibility criteria.
- Rebate applications and required documents must be received by August 31, 2024. (Applications received after this date will only be eligible for the standard program rebate.)
