

St. Johns County Fireworks Sales Lottery Process

The 2025 Fireworks Sales Permit lottery will take place at the St. Johns County Permit Center located at 4040 Lewis Speedway, St. Augustine on March 28 at 10am. St. Johns County allows for 9 sites in the County to sell Fireworks. Please pay close attention to the information below so you are prepared when you arrive for the lottery drawing.

- There will not be any pre-review or pre-registration of sites prior to the lottery.
- Each vendor (company) will need to have 1 representative over the age of 18 in attendance at the lottery to be considered for entry to obtain a permit. **To qualify as a vendor, the person present will need to present:**
- Valid State of Florida Certificate of Registration **Seasonal Retailer or Wholesaler/Distributor Certificate AND**
- Copy of **SUN.BIZ registration.**
- On the day of the lottery, each vendor will be asked to draw 9 random numbers from a bowl and those numbers will be recorded under that vendor's name and deposited into the tumbler.
- Once all vendors present have drawn their numbers and numbers deposited in the tumbler, 9 total numbers will be drawn. This is based on the County having 9 permits that can be issued.
- The numbers drawn will be matched to the vendors and that's how many permits each vendor may submit during each sales season. (Example: Vendor X receives 3 permits, so they can submit 3 permits for July 4th sales and 3 permits for New Year's Eve sales.)
- If a vendor decides they are not going to use one of their permits, that vendor can decide not to use that permit, or they may decide another vendor may use their permit. Documentation from both vendors required regarding the mutual exchange of sites. The vendor who submits the permit is responsible for the activities at that location.
- **A complete application package must be submitted to Planning and Zoning at the St. Johns County Permit Center no less than 20 working days prior to the first day of sales for review and routed to all necessary reviewers. Keep in mind that if for any reason a site is rejected, a new site must be submitted and the same 20 working days applies. Do not wait until the last minute to submit.**
- Fees are collected prior to any approvals. (Fire lottery fee of \$54 and Tent fee of \$54 is separate from any Zoning fees.)
- A site inspection must be conducted and approved prior to sales. Fire inspections are conducted on Monday through Friday 8am-5:30pm only. (No weekends) **NO SALES PRIOR TO FIRE INSPECTION APPROVAL.**

If there are any questions about the process, please call the Fire Marshal, Rob Dowling (904-209-1743) or Stephanie Murray (904-209-1742)
